CIYC WORK PARTIES 2012

February 4-5, 11-12, 18-19 and 25-26
9am – 4pm

Dear Members,

Our annual CIYC Work Party weekends are upon us, with a variety of projects planned. Given last year's success, the schedule again includes all four weekends in February. This allows more to be accomplished, ample time for clean-up days, more date opportunities to volunteer... and ensures the Club is ready for business by March 1st. Three weekends will involve projects, with the last weekend spent on tying loose ends and clean-up.

Indoors, along with the usual maintenance items, a Major Cleaning is planned. We know this will disappoint some, but no indoor painting is planned. Take heart, though! If this winter's weather pattern continues, there's a great deal of painting - along with other projects - to be done outside. If not, it's possible some outdoor projects may be postponed till weather allows - But our fervent goal is completion in February. Both inside and out, we have need of moderate woodworking, wood finishing, electrical skills and handy skills.

During the past years the February work parties have saved the club many thousands of dollars that otherwise would have resulted in substantially higher membership dues or assessments. Whatever your skill level and specialty - Pro, handy person, or simply enthusiastic - please come and help.

In addition to keeping the club in top condition, these work parties are a great opportunity to mingle with fellow members, and, to attract potential new members. It is an impactful sight - and why we specifically invite candidates to come by. Please let your friends know that they are welcome to drop in, meet a few members, and experience our can-do spirit and Club pride.

As decided by membership at our 2010 Fall General Meeting, the February Work Party Commitment Contribution for all Active members is \$100. Upon request, Active members can receive a rebate of this contribution if they participate in 2 work party sessions. Please be sure you sign in and we're aware of your participation.

To sign up for your favorite project or to let us know how you can help out, email Brad Stone at bdstone@rcn.com, or call the Clubhouse at 718-885-2487. Lunch will be provided and reservations would help us in our planning.

Best Regards,

CIYC Board of Directors
