

EBYRA Race Mark Locator 2019 rev 5-8-19

MARK	GOVERNMENT OR EBYRA	LATITUDE	LONGITUDE	LOCATION REFERENCE
A	EBYRA	N 40° 48' 57.3"	W 073° 47' 23.8"	East of Throgs Neck Br. Approachway
B	Government	See NOAA Light List	See NOAA Light List	Big Tom R"2" fl 4 sec
C	Government	See NOAA Light List	See NOAA Light List	SSE Cuban Ledge RG"CL" fl (2+1) R 6 sec
F	Government	See NOAA Light List	See NOAA Light List	Little Bay R N "2"
G	Government	See NOAA Light List	See NOAA Light List	Gangway Gong G "27" Gong
H	EBYRA	N 40° 50' 27.5"	W 073° 46' 23.2"	SSW off Hart Island
K	Government	See NOAA Light List	See NOAA Light List	Fort Schuyler R "48" Fl R 4sec Bell
L	Government	See NOAA Light List	See NOAA Light List	Mid-Channel R N "46A"
N	EBYRA	N 40° 47' 50.0"	W 073° 45' 56.0"	Little Neck Bay
P	EBYRA	N 40° 48' 54.2"	W 073° 46' 12.8"	Kings Point
R	EBYRA	N 40° 49' 31.2"	W 073° 48' 10.4"	Weir Creek
S	EBYRA	→	→	Inflatable Drop Mark
T	Government	See NOAA Light List	See NOAA Light List	Hewlett Point G "29" Fl G 4s
W	Government	See NOAA Light List	See NOAA Light List	Willetts Point R N "2"
X	Government	See NOAA Light List	See NOAA Light List	Channel marker South of Execution Lighthouse R "44A" Fl R 4s Gong

Note: Government and EBYRA maintained marks are described as per a location reference on NOAA chart. Approximate GPS Lat/Lon's are provided only for EBYRA maintained marks (Yellow buoys). Lat/Lon's for government mark may be obtained from NOAA Light List. It is strongly recommended that racers input their own GPS coordinates as some government mark actual locations can deviate a bit from NOAA coordinates. Note that marks actual position may deviate slightly from published positions because of confluence of wind current and limitations of GPS accuracy. Be careful not to confuse EBYRA mark "P" with Government mark N "4" to the ENE.
